Heatherbrae NSW 2324**Dirt Guard - Reference**

Dear Peter

We are a large, long established contract cleaning organisation employing over 50 cleaners and servicing many important sites in the Hunter area.

We are pleased to advise of our satisfaction with your product "Dirt Guard"

We have now been using it extensively for 7 years, and find it an extremely effective product.

We service 5 industrial sites, with one being a very large area, and each requiring a quality service.

We use the product for scrubbing dirt and grease and oils off concrete flooring. It is a very effective product for the purpose. In the major of the jobs we mechanically scrub, rinse and dry the floors two times per week.

We have tried other products, but have always come back to using Dirt Guard.

Yours sincerely

**John Van Buuren**  
Manager  
Newcastle Cleaning Company Pty Ltd.
